

Brief Interventions Train the Trainers Course.

Pilot project.

Course aims:

To give participants the confidence, knowledge and skills in order to cascade brief interventions training to primary care clinicians and linked agencies in the geographical area covered by NHS Norfolk and Great Yarmouth.

To embed brief interventions alcohol training into organisational structures.

Learning outcomes.

By the end of the session participants will be able to;

- Create a climate that promotes learning.
- Enable learning through demonstrations and instruction.
- Prepare others to provide brief interventions to alcohol users.

The Trainer: Alasdair Cant for Alcohol Concern.

Duration: This is a one-day skills - focused course and will run between 9.00 a.m. and 16.30 p.m.

Target audience: It is expected that participants will have completed the preceding parts of the brief Interventions training programme and will have an opportunity to cascade brief interventions training to primary care clinicians and linked agencies in the geographical area covered by NHS Norfolk.

Occupational Standards:

This course is underpinned by ENTO and DANOS learning and development standards.

- Unit L9: Create a climate that promotes learning
- Unit L11: Enable learning through demonstrations and instruction.
- AH10.1 Identify alcohol users who may benefit from brief interventions.
- AH10.2 Provide brief interventions to alcohol users.
